

# VERSATILE

## COLLECTION

We developed the Versatile Collection to allow people to infuse personal meaning and individuality into their funeral urns. This unique collection features a sleek aluminum frame with a customizable front plate, offering a perfect blend of elegance and personalization. With a variety of colors to choose from and virtually limitless customization options for the front plate, you can truly make the urn a reflection of the departed's personality and passions. Our state-of-the-art UV printing technology ensures high-quality, vibrant images that can include anything from a cherished photo of the deceased to depictions of their favorite pastimes and hobbies. The Versatile Collection allows your creativity to flourish, ensuring a unique and heartfelt tribute.

**V-URN-08**

## ORDERS

There is a dedicated order form (editable PDF) for the Versatile Collection. You can download it from our website at **[beginurns.com](https://beginurns.com)**

Width: 4 3/4 in  
Depth: 7 in  
Height: 8 1/2 in  
Weight: 7 lbs  
Capacity: 220 cubic in

## CUSTOMIZABLE FRONT PLATES

Our graphic design team is ready to help you create a personalized and meaningful tribute. You can provide personal photos — such as portraits or images of cherished hobbies — to be integrated onto the front plate. We will clean up the picture, resize it, and ensure the final result meets your expectations. Alternatively, if you don't have a specific photo, you can request our graphic design team to find images based on a particular theme, such as sailing or any other activity that holds special significance. The design will then be printed directly onto the aluminum plate with precision and care. Contact our sales team for more details about customization options and lead times.
